The house and site owners in the Basavanagudi and Malleswaram Extensions of the Bangalore city submit for the favourable reconsideration of Govt. The hair splits to which they are subjected by the Committee of progressive rules on the second and third sites when more than one bungle house site is taken up by one and the same individual.

The grounds put forward by the petitioners for

for ~~necessitating~~ a

reversion of the original

(1) That they were under

the impression that,

considering the solicitude

of the Govt. to see its

subjects housed in

good sanitary places,

a nominal value

would only be levied

on the sites or at least

the value of the sites

would not be ~~as they were~~

2). That as the dimensions

of

of house sites assessed by the Sanitary Dept. were found insufficient for building suitable ~~accommodating~~ houses, ~~and having under the idea mentioned above~~, they had to take up two or three consecutive sites.

3). That as the rates & the value of sites were not made known when the sites were ~~allotted~~ granted They were under the belief that the value would

would not be excessive as at present

4) That though nearly 5000 sites have been formed only 500 or so have been taken up, The majority of the builders being Government servants

5). That the progressive rates as now fixed are anomalous as will be seen below:-

C. Both for every 500 sft only of the second site which one takes up be charged - 1 Re

Thereby making very unnecessary distinction between B & C.

6). That the present system of selling sites by auction sale is in no way profitable to Govt as in a particular instance four consecutive sites measuring 120 x 100 ft or 12 000 sq ft were sold for Rs 120-6-0 only.

On a rough calculation Govt will have to forego about 1200 Rs of this Concession is granted. The matter is one for the exercise of

generosity on the part of Govt. As most of these persons have built with difficulty, and as the sites taken up do not seem to be extravagant in extent, perhaps the order may be re-considered. It is therefore submitted for orders — If this is allowed, I will take off the Concession of deferred pay[ts].

than one site, although they have built houses (but not shops) on their sites, and although there is no progressive rate in the case of shop sites. I am given to understand that because the sites in question were classed as shop sites by the Sanitary Superintending Engineer, the rates prescribed for shop sites are adopted: and that because progressive rates are prescribed for house sites and houses have been built on the sites in question, progressive rates are demanded in cases where more than one site has been taken by one and the same individual.

2 As houses have been built on these sites, as per plans approved by Government officials (and therefore with their consent) it seems to me that the rates prescribed for house sites should

alone be levied.

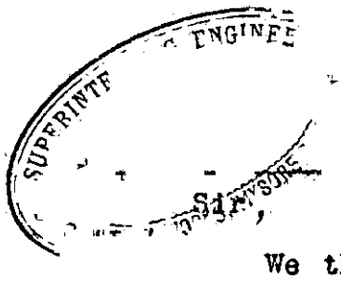
1167 R
Dt. 11-12-902



We the undersigned residents of the Mallesvarum beg respectfully to bring the following few lines for your favourable consideration and orders.

2 Two years ago Government with a view to give the inhabitants of Bangalore an opportunity to build houses in good localites acquired lands around Mallesvarum Temple and published its intention to grant sites to those who would apply for them. Accordingly we applied and were given sites -some of single sites ,others 1½ sites and the rest 2 or 3 sites- on both sides of the Sampigay Avenue, between cross roads Nos.8&11. These sites along with those higher up in the same street, formed part of the Brahmin Block and were granted us as ordinary house sites.

This is against rules. Each person is responsible for one site only.

This is against Govt. orders. Each person who has been returned is responsible for it. 29/1/07

3 In the plan of the Extension prepared, before any allotment was made, as wellas in the scrips given to us, these sites are all mentioned as house sites and not as Bazzar Sites.

4 The rates prescribed in Government order No.667-71 dated 15th.December 1899 for Houe and Bazzar sites are as under--

House sites-For a single site----------Rs.30

For more than one site.For the first site----------Rs.30.

" Second----------Rs.60.

" Third ----------Rs.90.

Bazaar Site

For every site 30'By120 Rs.50In other words, while "House" Sites have a progressive rate no such rate is prescribed for "Bazaar" Sites.

Because only one site was available to each party. 29/1/07

5 But we have now been informed for the first time that our sites are not only classed as "Bazzar" Sites but that a progres

It seems to us to be unfair to class these sites as "Bazaar" Sites and much more so to demand a progressive rate for them.

Had we been given to understand at the time of granting the these sites that they are "Bazaar" Sites, we should have given them up, as we wanted only "House" Sites as mentioned in our application for sites. But we were not so informed nor the fact that these were "Bazzar" Sites was noted in the plan prepared a and scrips given to us. Moreover, in the case of "Bazaar" Sites the authorities have been insisting from the very commencement on the buildings of shop-frontages. But in our case neither have we built such frontages nor have the authorites at any time insisted on such being built.

7 Such being the case, the amount that can fairly be demanded from us is only at the rate prescribed for "House" SitesIf, however, the rates fixed for "Bazaar" Sites are demanded from us on the score of our sites having now being classed as "Bazaar" Sites, then the rate that can be demanded as per Government Order quoted above is only Rs.50. for "Every" site . But to class our "House" Sites as "Bazaar" Sites is we think unjust and to demand a progressive rate for them is more unjust still

8 We therefore respectfully beg that, after perusal of the above, you will be pleased to pass just orders in the matter.

We beg to remain

collected from the Petitioners.

Referring to the above has the honor to bring to notice that according to Petitioners 2 and 3 Bazaar Sites have been purchased by each which is contrary to Proceedings of Government No: 667-71/P.G dated 15th December 1899 as quoted on the margin. They have also been permitted to build dwelling houses by the Assistant Engineer of this Department (who has since been retired) which is also contrary to instructions given to him.

Plague Comm.rs No: 4295 dated 2-2/99 Para 1 note:— "On no account should more than one Cottage Site - or Villa Site - or Superior house Site - or Bazaar Site be given to any individual."

II These Sites are on the broadest and longest road in the Extension. It leads direct to the temple along which there is most traffic, and is the road proposed for placing the Tramway on. The houses of the petitioners are also built well back from the road and there is nothing to prevent them from adding Bazaars in front at some future time.

III There is no provision for a progressive rate for these Sites because it was expressly

expressly laid down that only one Site was to be sold to each applicant, and since this rule has been broken, the progressive rate must be levied in all such cases.

IV It is very undesirable to depart from the original lines on which the Extension was planned. If these Sites are altered into dwelling house Sites, Bazaars will then have to be permitted in other roads where the Sites have been sold cheap, and it would also be a breach of faith with the people who have purchased and built Bazaars in this road under the understanding that Bazaars would not be permitted elsewhere.

ABSTRACT

State Mal Govt: was fruitlessly approached many time with petitions praying for redress regarding the progressive rates fixed for house sites in the Extensions; that the rules of 189[illegible] have been modified and the sites sold by public auction Mal in Malleswaram by such sales sites have

been sold for "very small prices";
that they fetched higher prices
in the Basavangudi Extension
that in no instance have the
sites fetched a price higher than
Rs 30/- ; that in one case
especially a plot which under
the old rules would have cost
Rs 700/- was "knocked down

that the residents of the

BANGALORE

Sir,

We the undersigned residents and house owners of the Mallesvaram Extension, City, Bangalore, beg respectfully to represent that the rules of 1899, under which sites were allotted for building purposes lay down that a progressive scale of Rs.30/- for the first site, Rs.60/ for the second and Rs.90/- for the third and so on, should be recovered as the price of the sites allotted to us. In accordance with this, persons taking up one site have to pay Rs.30/-, those taking two Rs.90/- and those taking three Rs.180/- and so on. Such progressive rate having been felt burdensome by the poor officials forming the large majority of this extension, Government was approached many a time for redress but did not receive any favorable treatment.

The said rules of 1899 have recently been modified, and instead of allotting sites to applicants at the fixed rates as heretofore, they are now sold, the highest bidder becoming the owner. Many sites have thus been sold and the recent sale results have elicited that, as compared with the fixed rates, only very small prices have been secured in the Mallesvaram Extension while considerably higher prices have been realized at Basavapur. No site we understand has fetched more than Rs.30/- in the Mallesvaram Extension and in one instance, notably, a plot which under the old rules, should have fetched something like

700/- and odd Rupees, has gone in for the paltry sum of Rs.30/- or so. There has therefore been much inviduous distinction between those who obtained sites before and those purchasing now. In this connection we beg humbly to submit that the former are deserving at the hands of Governmentmore sympathetic treatment than the latter. The original purchasers started work at a time when all the surrounding circumstances were most unfavorable, cost of labour and materials were exceedingly dear, plague was in its zenith and people consequently ran great risks in constructing their buildings. It is also a notorious fact that the whole of the extension was more or less a Malarial tract and many people who had settled themselves therein had subsequently to abandon it changing themselves into the City, finding it impossible to withstand the illness resulting from malaria; and instances are not wanting in which some even lost their kith and kin. On the other hand those taking up sites at present do so under the most favorable auspices. The extension has become more or less populated, people have settled themselves therein and Government have expended large sums to mitigate the evils of malaria by opening out new roads and constructing drains, filing in deep pits &c. Under such circumstances, it is felt a hardship to see a new settler acquiring Sites for small value, than what his neighbour under more distressed circumstances is compelled to pay. The amount realized at the auction sales in the Mallesvaram extension is quite disproportionate to what the Government had prescribed, and this in a way goes to show that Mallesvaram has not been as popular and as successful as its sister extension of Basavapurwhe much higher rates have been realized.

We beg therefore to approach Government with this humble appeal and to say that we are already suffering very hard owing to greater portion of our pay being deducted towards the house building and other advances. The deduction of 1/10th of the pay, in addition, towards the site value, which, under the old rule, is far in excess of what it actually fetches now at the sales, is, we venture to urge, a great hardship.

In conclusion we solicit the favor of your sending for the records connected with the sales and if after perusal our representations are well founded, you will be so good as to direct a similar concession being shown to us, by directing the levy of a price proportionate to what has been realized at the recent sales.

For which act of kindness and mercy we poor officials will feel highly grateful.

We beg to remain

Sir,

Your most obedient servants

ABSTRACT

State that Govt: Notification No 667-71 & 15. 12. 99 Sanctions the rates of prices of building sites in the above extensions; that the said proceedings falls heavily on the petitioners; that they while taking up the sites laboured under the impression that only nominal rates would be fix for them; that it appeared to the layminds of the petrs: that the space allowed viz: 30 ft for a site was not enough for the requisite compound especially as it was ordered that some space of at least 5 ft should be left un occupied between each house

that

that under these circumstances they were obliged to take up more than one site; that the said Govt: notifn: have placed the low paid officials on the horns of a dilemma inasmuch as the majority of them who have commenced house building "can neither recede, give up, nor find the wherewithal to pay the large demands for the sites."; that the said extensions were opened with a view to relieve the overcrowding of the City and to provide people with "Sanitary, built-houses; that they were opened & the work started ~~during~~ when Plague was ravaging the city and materials and labour were exceptionally ch & private loans could not be raised; that unlike Chamrajpet & Shankarapuram, the new extensions are far away from the City proper, the Offices, School &c— the seat of trade & merchandise & other public institutions; that in the said old extensions people had the chance of getting as many sites as they liked, all at the same rates as fixed for single petitions; that only Govt: servants have been foremost in building houses; that out of the 5,000 sites marked only 500 houses are in course of construction of which 95% are those of Govt: officials; that

PETITION DEPARTMENT.
REG'D. No. 165 R
DATE 15-1-1901

P. N. Krishnamurthi Esqr. B.L. etc.

Dewan of Mysore

The humble petition of the Siteowners of houses in the Basavangudi and Malleswaram extensions,

Most respectfully Showeth.

1. That Govt Notification No 667-71 dated 15th December '99 Sanctioning the rates of prices for building Sites in the above Extensions, Viz, Rs 30 for each Site of 3000 Sq feet, and a progressive rate of Rs 60 and Rs 90 for the 2nd and 3rd adjacent Sites, respectively, has fallen like a thunderbolt, on the petitioners, causing much grievance, and they beg leave to approach the Dewan with a prayer that he may be pleased with his wonted generosity and Kindness to reconsider the present rates which are found to fall heavily on the petitioners under the Circumstances explained below:—

2. That the petitioners while taking up Sites thought rightly or wrongly, that only Nominal rates would be fixed for the Sites; that while they are not agreeably Surprised to see a Sum of Rs 30 fixed for a Site, the progressive rates have really caused them a grievance.

3. Whatever may be the reasons that prompted the Sanitary Authorities to fix the house Site at 30 ft, it appeared to lay-minds of your humble petitioners that the Space was Not enough for the requisite Compound etc especially as it was ordered that Some Space 5 to 10 ft Should be left between each house, and in their ambition to benefit by the grants so generously Sanctioned by the benign Govt
